Matt,
you're a real great
guy I've enjoyed
knowing. Stay sweet
and good luck always

Love
Mandy

Matt -
I've really
enjoyed all the
times we've spent
together & hopefully in
the next 2 years we'll be
Come even better friends. Take
Care & keep smiling!

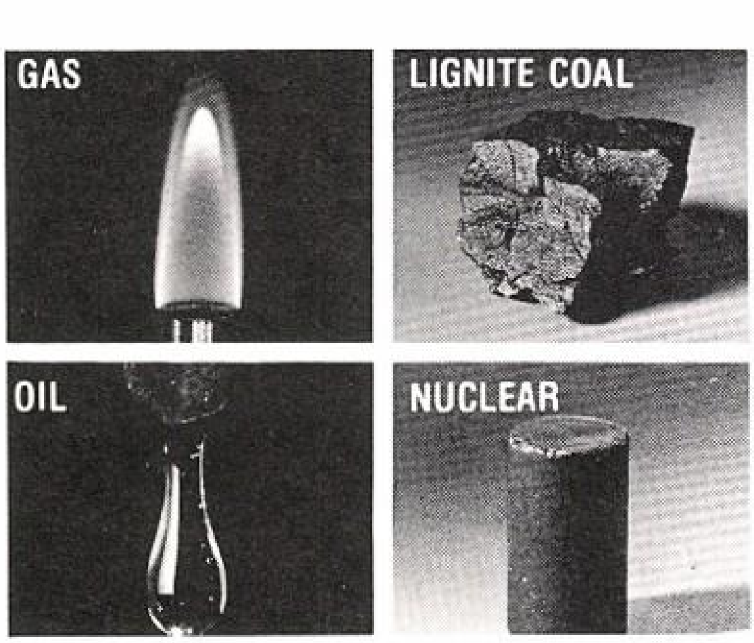
Matt, to a real sweet guy I've enjoyed going to school with - the best of luck in the future. Cathy D. JHS-79!



Q. Which of these fuels will Texas Electric be using to generate electricity in the future?

A. All four of these fuels will be needed to generate electricity.

Right now, our main fuels are natural gas and oil, but new supplies of these fuels cost more and are harder to get. That's why we've already begun using lignite coal and why we're planning to be using nuclear fuel in 1980.

Sweetheart, (Matt)

I've enjoyed nowing you this summer. You are a really great guy. and I like you a lot. I am glad we can go with each other and that you don't think I'am to young. Stay the way you are and you will go far in life. Maybe, just maybe me and you can make it. I hope we can go together for as long as I remember.

Maybe, we can be together without sneaking around Coach Mac. It would be alot better and make me fell better. Well, just remember I will always be here if you ever need anyone to talk to or tell a problem to. You are a great JR. of 77-78. Can't think of anything else to say

With all my love

Love Ya
alot,
